About Us

We are an Irish owned provider of high-quality medical devices and consumables. Fleming Medical have been a trusted partner in the Healthcare industry for over 30 years and have grown to operate in over 20 countries worldwide.

Headquartered in Limerick, family-run and employing more than 80 people, we are focused on delivering quality products, customer service, training and point of care that is suitable for all sized nursing homes so you can focus on what's important: patient care.

Our commitment is to enhance quality of care through understanding the needs of the Patient and the Carer. We continue to innovate and develop new solutions to help Care providers give the best possible service. It is important to us to collaborate with the relevant industries so that frontline workers are equipped with the best possible products.

Value Proposition

Trusted Partner

For over 34 years, we have been a trusted partner of Healthcare professionals to deliver the support they need and a wide range of quality medical devices, diagnostic equipment, first aid, advanced woundcare and physical therapy products.

Certified Quality Products

We are certified by TUV Rheinland under ISO 13485:2016 and have a dedicated quality team to ensure all products meet current regulatory standards. All products are also put through rigorous testing to ensure consistency in quality.

Customer Service from Experts

All our products and services are backed by customer service from our dedicated and experienced team of product experts who will help you make the best purchasing decisions for your nursing home by providing advice on cost savings and product options. We also provide in-depth training for staff on medical equipment and other products like woundcare.

Point of Care Assurance

We are committed to empowering patients through innovative point-of-care diagnostics to provide better patient outcomes for acute and chronic conditions.

Innovation Focus

We partner with industry experts on new product innovation with a goal to provide products and solutions that enhance patient quality of life and deliver clinical efficiency and efficacy across the continuum of care.

DIAGNOSTICS

BLOOD PRESSURE MONITOR & NEBULISER

Medicare Lifesense A5 Blood Pressure Monitor MD1806

Our fully automatic Medicare A5 Blood Pressure Monitor is designed to be effortlessly operated from the comfort of your own home and have clinically proven accuracy. The coloured screen combined with large text and buttons, make this blood pressure monitor the ideal choice for people with poor eyesight.

CODE	PACK SIZE	PRICE
MD1806	1	€29.95

Medicare Compressor Nebuliser MD639

The Medicare Compressor Nebuliser is a robust nebuliser, ideal for home based frequent usage. With a high nebulisation rate, fast inhalation time, high proportion of respirable particles and compressed air technology, the powerful compressor generates a stream of compressed air which breaks up liquid medication and converts it into a mist so it can be easily and more effectively inhaled by the patient through the mask, nosepiece or mouthpiece.

CODE	PACK SIZE	PRICE
MD639	1	€45.00

Medicare Compressor Nebuliser Accessory Kit MD636

Medicare compressor nebuliser accessory kit for use with MD639 Medicare Compressor Nebuliser
Accessory kit includes the following:

- Adult mask
- Child mask
- Atomiser
- Tubing
- Mouthpiece
- Filters x 10
- Nosepiece

CODE	PACK SIZE	PRICE
MD636	1	€4.30

Free Delivery on orders over €100.00
